PRACTICE SHEET - 3

SUBJECT : EVS

Date : 29/4/2020

Some useful points:

- **House-** A place which protects us from the Sun, wind and rain. It even protects us from thieves and wild animals.
- Types of houses- Ancient Houses, Permanent Houses and Temporary Houses.
- 1. **Ancient Houses-** Houses which were made by early man to hide from the harsh weather and wild animals. These are weak houses.
- 2. **Permanent Houses-** Houses which were made by humans to have shelter with strong boundaries. These are strong houses. Eg- Hut, bungalow, Duplex(flats), etc.
- 3. **Temporary Houses-** People have to move from place to place they build the house that can be packed and moved easily from one place to another. Eg- Tent, houseboat, etc.
- **Material used for making houses** are straw, mud, dry leaves and bamboo, bricks, cement, tiles and stones.
- 1. Houses built using bricks, steel, iron and cement are very strong called **Pucca** houses.
- 2. Houses made from mud, bamboo, straw, etc are not very strong are called **Kutchha** houses.
- **Clothes-** It cover and protect our body from heat, dust, rain, cold and insects.
- Clothes also helps us to recognize about the **occupation of persons** such as doctor, policemen, soldier, firefighters, postmen, etc. They wear specific uniforms.
- We wear clothes according to seasons:
Winter clothes- It is a cold season so we wear woollen clothes which helps us to keep us warm like sweaters, coats, jackets, etc.
Summer clothes- It is a hot season so we wear cotton and light clothes which protect us from Sun's heat from getting tanned and harsh sunlight.
Monsoon clothes- It is a rainy season so we wear clothes which protect us from rain such as raincoat, gumboots, etc.
