Read the passage and answer the questions:

Minti was a clever cat. Every day she would sneak into houses and eat whatever food she find. One day she was roaming about in search of food. After a long time, she reached a house. The main door of the house was opened. She entered the house and found a pot of milk kept on the cabinet. She took few steps back and jumped to reach the pot, but in vain. She made many attempts but could not reach the pot. At last, she thought of a plan. She went to Moti, the dog and asked him to help her to reach the pot. In return, she promised that she would help him to get some food from the kitchen. Moti agreed and he stood under the pot. Mounting on his back, Minti jumped at the pot. She drank all the milk. When Moti asked her to help him to get food, she refused saying that the milk was stale and therefore she was feeling sick. The next day Minti again wanted Moti to help her reaching the milk pot. Moti agreed because he wanted to teach her a lesson. When she was drinking milk, he started barking. On hearing the dog barking, the owner of the house entered into the room and saw Minti drinking milk. She had to face the wrath of the owner.
